

## **The Black Horse Pub, Grimston**

**March 2021**

Dear Village-Life Readers

Two pieces of news for you this month.

I previously reported that the Community Group had made an offer to purchase The Black Horse pub at the current market value, but that the owners had indicated that they did not want to sell at this price and were going to explore letting the pub to a commercial tenant. In the last few weeks, it appears that agents have been inspecting and photographing the premises. We await the owners opening the pub soon with an experienced tenant in place.

On 17 February the Community Group was incorporated as a Community Benefit Society called The Black Horse Community Group Limited, registration number 8567.

Thank you all for your continued support.

Mike Petty – Chair
